Production Plant:

TOS ZNOJMO, akciová společnost
Družstevní 3
The Czech Republic, 669 02 Znojmo

Incomplete machine equipment: Worm – gear units

Type/Model: MRT, RT – 28A, 30A, 40A, 50A, 60A, 70A, 80A, 100A, 120A, 150A, 180A.

Machine equipment description: The products listed above are designated for installation into machine equipment as part of its drive system.
Gear units are connected to the driven equipment through a hollow shaft or an output solid shaft end.

The incomplete machine equipment meets relevant provisions of:

- the government decree No. 176/2008 Coll. (it corresponds with the directive 2006/ 42/ EC)
- standards: ČSN EN ISO 12100-1: 2004, ČSN EN ISO 12100-2: 2004, ČSN EN 1037+A1: 2008, ČSN EN ISO 13857: 2008, ČSN EN 614-1+A1: 2009, ČSN EN 953+A1: 2009.

Conformity assessment of the incomplete machine equipment with basic requirements and deposit of documents with the producer was made:

- according to the government decree No. 176/2008 Coll. § 4 par. 3 and § 6
(it complies with the European Parliament and Council Directive 2006/42/ES of 17 May 2006).

The manufacturers commit themselves that required information about incomplete machine equipment will be made available for studying at the manufacturer premises should a substantiated request from national authorities be received.

We the manufacturers hereby declare that the equipment is safe when used for the intended purpose. The manufacturing processes are in compliance with the requirements of ISO 9001: 2008 standard, which guarantee conformity of incomplete machine equipment introduced to the market with technical documentation and basic requirements.

The incomplete machine equipment must not be put into operation until a declaration of conformity is issued for complete machine equipment into which it is to be installed. The declaration of conformity for complete machine equipment must be in compliance with provisions of the government decree No 176/2008 Coll., (it complies with the directive 2006/42/ES).

Znojmo, 04th January 2010
